

Expense Circle Graphs Project

Teacher Name: **Mr. Miller**

Student Name: _____ Period: _____

CATEGORY	Excellent 5 pts	Good 3 pts	Needs Improvement 2 pts	Nothing Submitted 0
Career Selection	Though carefully about life goals, with distinct goal.	General idea of career choice, with various ideas (Medical doctor but no specialty)	Career goal with no path or endpoint (Wants to be doctor, but what type?)	Names a career, but nothing else.
Career Info & Living Expenses	Research on income very clear and documented, monthly expense well considered. no guessing.	Income details are general and expectations of expenses somewhat vague	Very brief job description and almost nothing on income, monthly expenses are not fully known.	Nothing in detail about job or income, expenses are guessed.
Circle Graph of Expenses	Circle graph has all expenses listed and different colors, listing exact % for each sector, and titles for sectors	Circle graph major expenses of different colors, some titles not listed, and expenses add up to 100%.	Graph colors are confusing, titles are missing in some sectors, and not all expenses denoted	Graph or information not shown, or crudely drawn.
Display on Career & Expenses	Poster board size display with graph, description of career and sources of expense data.	Poster board size display with graph, and some info on career.	Display is small for public display, and vague info on career and expenses.	No display and no info given, may have some pictures
Oral Presentation to Class	Precise and to the point on career and expenses, with explanation of graph without notes	Generally on task with career and somewhat on target with describing expenses.	Unable to describe career without referring to notes, could not be heard by all students.	Unable to make presentation, or say anything about display.
